Hiya, from 2002 scholarship recipient

To the SFV 99s,

I was a scholarship winner in 2002, and I just wanted to give you all an update on where my life has taken me since then. I was hired by Mesa Airlines in 2004 as a first officer for the Canadair Regional Jet. For the most part, I was based in Phoenix AZ. Just this year, I upgraded to captain in the Embraer Regional Jet 145-LR. I have now moved to Orlando, FL. The one thing I have learned is that this is a tough career!

I hope you are all doing well, and flying often! Again, thank you for your support in my education. I could not have done it without you!

Sincerely,  
Capt. Brandon Esten
